Over 2700 women and over 6000 children are living without homes in Monterey County. These numbers are, as Janet L. Shing says, shocking and unacceptable. We can bring those numbers down.

My blogpost on women living without shelter in Monterey County. There are more than 2,700 women and 6,000 children without shelter, shocking and unacceptable. We hope this report increases awareness and helps document improvements to our housing shortage.
