4:45 Wrap up/Questions
The Community Foundation for Monterey County (CFMC) is a design studio for philanthropy. A nonprofit created by and for the people of Monterey County, our mission is to inspire philanthropy and strengthen communities. Hundreds of generous families, individuals and businesses have chosen to partner with the CFMC by creating charitable funds in their lifetimes or through their estates. We steward these assets and make grants to nonprofits working towards a vision of healthy, safe vibrant communities.

A Design Studio for Philanthropy, the CFMC

- helps you create your unique philanthropic vision
- leverages your giving for greater impact
- connects you with grantmaking opportunities to support causes you care about
- is a trusted steward of charitable assets and donor intent
- can help you leave a legacy

Develop Your Philanthropic Vision. We Can Help.

1. Create a Donor Advised or Other Charitable Funds
   Customized charitable giving solutions support individual and family philanthropy.

2. Leave a Legacy
   Charitable estate planning can help you leave a legacy through a planned gift.

3. Meet Your Charitable Goals
   Private foundation services offer administrative and grantmaking support.

4. Give Back Through Your Business
   Corporate philanthropy programs help companies give back to their communities.

“The CFMC is a design studio for philanthropy that invites you to pull up a chair at the table. You would be simply amazed at the possibilities.”

—Bill Tyler, The William H. and Susanne Tyler Pathway Fund and The Tyler Visiting Fellowship in Residence Fund

William H. Tyler III, 2016 Distinguished Trustee Recipient

Partner In Philanthropy

The CFMC offers a variety of giving options to help you achieve your philanthropic vision. To integrate your financial planning with charitable giving, please give us a call at 831.375.9712.

Healthy, Safe, Vibrant Communities
Top 10 reasons to give through the CFMC:

1. We are a local organization with deep roots in the community.
2. Our professional staff has broad expertise regarding local issues and needs.
3. We provide highly personalized service tailored to each individual’s charitable and financial interests.
4. Our funds help people invest in the causes they care about most.
5. We accept a wide variety of assets, and can facilitate even the most complex forms of giving.
6. We partner with professional advisors to create highly effective approaches to charitable giving.
7. We offer maximum tax advantage for most gifts under federal law.
8. We multiply the impact of gift dollars by pooling them with other gifts and grants.
9. We build endowment funds that benefit the community forever and help create personal legacies.
10. We are a community leader, convening agencies and coordinating resources to create positive change.

Overview

Originally established in 1945 to preserve historic adobes in Monterey, the CFMC is one of more than 800 community foundations in the United States. We serve Monterey County and beyond, offering you a variety of ways to make an impact through your charitable giving.

- A leader working towards healthy, safe, vibrant communities

Note: During a quarterly review, the investment committee will also generally have the DRIM providers report for expanded detail.
Overview
Assets at the Community Foundation for Monterey County (CFMC) are pooled for investment purposes. These assets comprise more than 500 charitable funds that are in the CFMC’s Long-Term Fund. A system of unitization, much like a mutual fund, allocates total return to each component fund. These charitable funds represent the charitable interests of donors and agencies who seek to increase effectiveness and assure future support for Monterey County or the region of their choice. An advantage of pooling funds is greater diversification of investments. This, in turn, provides for greater opportunities while reducing risk.

What is the CFMC's investment objective?
The CFMC’s investment objective for the Long-Term Portfolio and ESG (Environmental, Social and Governance) Portfolio is to earn a return that allows a significant distribution of grants while maintaining a Portfolio’s future purchasing power. Our goal is to preserve the principal while allowing for inflation and expenses. Accordingly, the current target for total return, net of investment fees (total return is defined as income plus change in market value), is equal to, or exceeding, the policy index.

The investment objective for the Medium-Term Portfolio is to exhibit lower volatility than a portfolio with an “in perpetuity” time horizon. Relative to the Long-Term Portfolio, the Medium-Term Portfolio will have a greater emphasis on capital preservation while maintaining some potential for capital appreciation. The Medium-Term Portfolio is appropriate for donors expecting to grant a significant percentage of their funds in the intermediate term (3-7 years) and willing to tolerate moderate levels of risk in order to get an enhanced rate of return (versus cash) over a full market cycle. It is also appropriate for Stewardship Funds whose assets are not endowed.

How are investment returns measured?
Investment returns are measured in terms of total return, which includes interest and dividend income, as well as realized and unrealized gains and losses.

What is the role of the Investment Committee?
The Committee is responsible for governance and best practices in overseeing the investment management of the foundation’s funds. Committee members are CFMC board members and non-board members with significant business and investment management experience. The Committee utilizes an investment consultant, Verus. The Committee’s top priority is risk control (primarily through diversification and due diligence). The Committee establishes a target asset allocation, selects funds, and monitors the investment performance of these funds. The Committee meets quarterly; between meetings committee members and CFMC staff confer with Verus regarding foundation investments.

What is the role of foundation’s investment consultant?
Verus is a Seattle-based investment consulting firm. Verus works with more than 150 institutional clients across the U.S., and consults on more than $456 billion in assets.* They provide a deep level of research, recommend fund managers, monitor the performance of managers selected, and assist the Investment Committee in determining the appropriate asset allocation. They are an independent fiduciary, free of conflicts of interest. To learn more, visit www.verusinvestments.com.*(as of 12/31/2018)
How are funds for investment selected?
When the Investment Committee seeks a new fund for a particular asset class (domestic large cap, for example), our consultant identifies funds with a three to five-year outstanding track record for this asset class. The Committee reviews these funds’ organizational profiles, investment philosophy, investment process, fees, professional staff, and investment performance in up and down markets. Based on this review, the Committee selects funds for investment.

How are funds’ investment performance monitored?
At each quarterly meeting of the Investment Committee, our consultant provides an in-depth analysis of each fund’s investment performance. This analysis includes comparisons with other funds in the same asset class, as well as with the appropriate benchmark. In addition, the committee monitors any organizational changes within an investment firm that may influence performance in the future, and confirms that each fund continues to adhere to the CFMC’s investment guidelines.

Does the Investment Committee ever change funds?
Yes. New funds are selected when the Investment Committee seeks greater depth in a particular asset class. Reasons for removal of a fund include poor performance over a period of time, moving away from the investment discipline for which the fund was included, unfavorable changes in the organizational structure of the investment firm, and loss of the fund’s investment talent. However, given the rigorous process by which funds are selected and how consistently their investment performance is monitored and compared, the Investment Committee’s practice is to retain a fund for a minimum of three years. In other words, the fact that a fund does not have a good quarter, or even year, compared to the appropriate benchmark for that asset class, does not in itself provide reason for dismissal.

Why is the CFMC invested in different asset classes?
The Investment Committee has determined that a more consistent return can be gained, with less risk, if the portfolio is well diversified. Asset classes include international as well as domestic stocks, global as well as domestic bonds and real assets (see Target Asset Allocations).

What is an asset allocation strategy?
The Investment Committee determines the best ways to allocate the assets of the portfolios among varied asset classes. The Committee reviews the target asset allocations to determine if they are likely to meet the investment return goals, net of investment fees. As new assets come to the CFMC, they are invested across the CFMC’s portfolios.

Why are there four different Portfolios?
The Long-Term Portfolio is invested for the long term. The ESG Portfolio is intended for donors who seek both long-term growth and positive social or environmental impact through a diversified portfolio. The Medium-Term Portfolio has a greater emphasis on capital preservation while maintaining some potential for appreciation. It may be a good choice for those wishing to grant a large percentage of their fund within 3-7 years. The Money Market is designed to preserve principal, protect assets from market volatility, and produce a small return. It may be a good choice for those who wish to grant a significant percentage of their fund within 1-2 years, or who prefer lower levels of risk.

Why does the CFMC have a board-approved payout rate, rather than granting whatever is earned in a given year?
The payout rate determines the dollar amount available for distribution annually from endowed funds. To determine this amount, we multiply the average of the fund balances at the last three year-ends by the payout rate. This methodology smooths out the peaks and valleys that would be experienced if income and dividends earned (or not earned) by a fund were distributed each year. This is a strategy that has been adopted by most major endowments. The payout rate for 2019 is 4.5%.
What fees does a donor pay to the CFMC?
Funds at the CFMC are assessed fees for foundation costs (see page 6). Foundation fees support the CFMC’s administration of the fund, including grantmaking. In addition to the CFMC administrative fee, funds are charged a small fee that pays for our investment consultant. This fee is 7 basis points (.07%).

What historical rates of return have CFMC investments earned?

Target Asset Allocation – Long-Term Portfolio
(board approved 4/24/12)

The asset allocation of the foundation shall be reviewed at least quarterly to ensure that the target allocation is in compliance with the following guidelines. The asset allocation target and acceptable minimum and maximum ranges established by the Investment Committee represent a long-term view. Rapid and significant market movements may cause the foundation’s actual asset mix to fall outside the policy range.

The Investment Pool will emphasize Socially Responsible Investing (SRI) and be considerate of the standards of Environmental, Social and Governance (ESG) criteria.

The Environmental, Social and Governance Investment Pool assets shall be invested in diversified asset segments, the performance of which shall be measured against the indices specified in the IPS with an understanding that the social criteria may impact performance relative to more broadly-based segments.

The Environmental, Social and Governance Investment Pool’s assets will be invested in equities and fixed income investments as set forth in the Target Asset Allocation table below. The blended allocation has historic performance characteristics that are in line with portfolios with long-term objectives. This pool will have a risk of loss. Rapid and significant market movements may cause the Environmental, Social and Governance Investment Pool’s actual asset mix to fall outside the policy range. The asset allocation of the portfolio shall be reviewed at least quarterly to ensure that the target allocation is in compliance with the following guidelines.

Community Foundation for Monterey County
2015 Strategic Plan

Vision, Mission and Values

Vision
Healthy, safe, vibrant communities

Mission
To inspire philanthropy and be a catalyst for strengthening communities throughout Monterey County

Values
- We advance positive change through grant making, community engagement and collaboration.
- We build a legacy for future generations through responsible stewardship of the resources entrusted to us.
- We operate with the highest standards of integrity, ethics and accountability.
- We embrace inclusivity and diversity.
- We commit to fairness and respect for the dignity of all people.
- We are open and honest with our philanthropic partners, grantees and the community.
- We strive for excellence in all that we do.
PLANNING ASSUMPTIONS

The Community Foundation for Monterey County (CFMC) continues to experience significant, positive change. As a trusted steward of assets and donor intent, a valued partner of nonprofits and a thoughtful leader on community issues, the CFMC can build on its successes, and strive to provide deeper impact to a greater part of Monterey County.

The CFMC must:

- Remain committed to a truly countywide reach in all aspects of its operations.
- Implement a focused grantmaking strategy that will continually strive to achieve greater impact.
- Proactively seek philanthropic partners for focused investments on shared priorities. Philanthropic partners may be donor advisors, third-party funders, or recipients of the CFMC’s private foundation services.
- Elevate its role as a convener, partner and community leader.
- Implement a strong asset development plan in order to grow the resources with which to address pressing community needs and support a vigorous, focused grantmaking program.
- Remain committed to building capacity of our nonprofit partners.
- Enhance services and support to fund holders to create higher philanthropic impact.
- Stay apace of changing communications strategies to elevate community awareness by telling its story to a wider audience.
- Be a strong steward of its assets.
- Be a responsible steward of the environment.
GOALS

Goal One: Community Impact
Invest in developing healthy, safe and vibrant communities across Monterey County.

Goal Two: Philanthropic Leadership
Inspire and facilitate philanthropy throughout Monterey County.

Goal Three: Community Leadership
Recognize opportunities for facilitation of solutions to community issues.

Goal Four: Organizational Excellence
Optimize performance and stewardship for maximum impact.
Goal One: Community Impact
Invest in developing healthy, safe and vibrant communities across Monterey County.

The Community Foundation for Monterey County has greatly evolved its grantmaking through the development of the Community Impact program and closely working with donor advisors. The CFMC seeks to implement grant programs that, while broad enough to address Monterey County’s most pressing needs, have focus and result in tangible and demonstrable impact. All grant programs should seek to align with “investing in healthy, safe and vibrant communities across Monterey County.” Goal one will be driven by the following four statements.

1. Proactively be a partner and catalyst for addressing community challenges.

2. Focus grantmaking toward strategic results.

3. Work closely with donor advisors to align their interests with community need.

4. Strengthen nonprofit sector excellence.
Goal Two: Philanthropic Leadership
Inspire and facilitate philanthropy throughout Monterey County.

The Community Foundation for Monterey County has a strong asset base, and an enviable percentage of endowed and/or discretionary assets. The CFMC’s commitment to building endowment funds, primarily through planned gifts, has never waned. However, if so desired, more emphasis can be placed on building discretionary assets (unrestricted/field of interest). The gift life cycle of creating these funds through estate planning is very long and requires tremendous patience.

The CFMC’s commitment to stronger relationships with donor advisors is producing remarkable results. We must continue to build on this success. We must adhere to a resource development plan that actively engages and updates the professional advisor community, and always offer philanthropic value to individuals, families, corporations and private foundations.

Diversity in Monterey County takes many forms: geography, ethnicity, gender, philanthropic interests. The CFMC must be aware of the ever-changing nature of Monterey County and developing relationships in all our communities.

All resource development efforts should celebrate the power of philanthropy, and reinforce a brand that a strong culture of philanthropy resides within the CFMC. Goal two will be driven by the following five statements:

1. Educate the public about philanthropy.
2. Grow CFMC’s philanthropic assets.
3. Continue to enhance fund holder philanthropy.
4. Seek and align with funding partners to realize greater community impacts.
5. Engage a more diverse philanthropic donor base.
Goal Three: Community Leadership
Recognize opportunities for facilitation of solutions to community issues.

The Community Foundation for Monterey County is a recognized leader in the nonprofit sector and community overall. As the CFMC has increased its transparency, reached out to diverse audiences across the county, enhanced the work and profile of the Center for Nonprofit Excellence, and developed stronger partnerships with agencies and regional funders, its role as a leader has become more important. In many ways, the CFMC has been engaged in leadership work for many years. Community leadership requires tremendous diplomacy, marked by a desire to facilitate positive outcomes rather than work toward a pre-conceived CFMC solution. Goal three will be driven by the following four statements.

1. Be aware of emerging circumstances and issues for which the CFMC can be a positive player in finding community solutions.

2. Respond proactively to emergencies, disasters, civic unrest, and other circumstances in which the staff and board of directors feel the CFMC can play a positive role.

3. Grow the CFMC’s profile in advocacy when such activity can create a strong environment for the CFMC to prosper, or support initiatives that align with the CFMC’s core values. This may be accomplished through participation in the League of California Community Foundations advocacy work, working with the Council on Foundations or other national lobbying groups, partnering with local organizations or, when appropriate, developing our own initiatives.

4. Utilize CFMC assets for community impact beyond grantmaking.
Goal Four: Organizational Excellence
Optimize performance and stewardship for maximum effectiveness.

The Community Foundation for Monterey County takes great pride in being an exceptional organization. This requires a commitment to excellence and constant reappraisal of our systems. The CFMC is expanding and becoming more complex. Our operations and organizational structure (including governance) must stay ahead of these changing circumstances. The CFMC is known for strong asset management. Continuing stewardship is key to having resources for granting and maintaining community confidence. Goal four will be driven by the following five statements:

1. Continue to invest in infrastructure (human, financial and technological) improvements aligned with CFMC’s goals.

2. Continue to elevate CFMC visibility countywide; tell our story more effectively.

3. Maintain a strong, innovative, diverse board of directors and staff that reflect Monterey County.

4. Be a responsible steward of CFMC assets.

5. Operate in an environmentally responsible way.

2020 Board of Directors

Board Officers

Board Chair
Birt Johnson, Jr.
Former General Manager, ATT

Birt Johnson, Jr. retired several years ago after 33 rewarding years with AT&T. He served as General Manager for the Central Valley / Central Coast Construction & Engineering Region as well as, General Manager for the Silicon Valley Region. His responsibilities included managing over 700 employees to design, build, and maintain AT&T’s advanced telecommunication networks. He held a wide variety positions during his career--including network planning, network engineering, headquarters technology selection and evaluation, operations and external affairs.

Birt holds B.A. in Management from Saint Mary’s College and has also completed additional program work at the University of Southern California in Advanced Telecommunications Management. He’s a product of the Monterey Peninsula Unified School District, proud Seaside Spartan and Monterey Peninsula College (MPC) alum.

Over the past 15 years he has served as President of Salinas Valley Chamber of Commerce, Santa Cruz County United Way and Chair of the MPC Citizens Bond Oversight Committee. Birt served as 2016 President of the MPC Foundation. He also serves as a board member with several other local non-profit organizations.

Birt’s interests include: serving the local community, supporting education and youth initiatives and celebrating local Performing Arts and the benefits to our quality of life. Birt and his wife, Kathleen, have two grown sons. They have resided in the Monterey area, for nearly 50 years.

Vice-Chair
Teri Belli, CPA

National Standards for U.S. Community Foundations

As approved by the Community Foundations Leadership Team on June 8, 2000 and including explanatory language as of February 29, 2002 and a technical correction as of March 24, 2004.

I. Definition of a U.S. Community Foundation

A. A community foundation is a tax-exempt, nonprofit, autonomous, publicly supported, nonsectarian philanthropic institution with a long term goal of building permanent, named component funds established by many separate donors for the broad-based charitable benefit of the residents of a defined geographic area, typically no larger than a state.

Community foundations are further defined by the following characteristics:

II. Mission, Structure and Governance

A. A community foundation is founded and operated for public benefit and has a well-defined, articulated mission.

B. A community foundation is recognized by the Internal Revenue Service (IRS) as tax-exempt under Internal Revenue Code Section 501(c)(3), organized and operated exclusively for charitable purposes.

C. A community foundation meets the public support test set forth in Internal Revenue Code Section 170(b)(1)(A)(vi) as modified by Treasury Regulation Section 170A-9(e)(10).

D. A community foundation has an independent governing body broadly representative of the community it serves.

Explanation: “Governing body” means the board of directors or board of trustees of the organization. “Broadly representative” means that the governing body reflects the diverse composition and different perspectives of the community it serves, and its members are not drawn solely from a single subset of the community.

E. A community foundation’s governing body retains variance power by which it may modify any restriction or condition on the distribution of assets, if circumstances warrant. Further, with respect to assets held in trust, the governing body must have the power to replace any participating trustee for breach of fiduciary duty under state law or for failure to produce a reasonable return of net income.

Explanation: “The governing body must have the power to modify any restriction or condition on the distribution of funds for any specified charitable purpose or to any specified organization if, in the sole judgment of the governing body, such restriction or condition becomes, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community or area served. The governing body must be able to modify the restriction without obtaining the approval of any participating trustee, custodian, or agent of the community foundation.” (Legal Compendium for Community Foundations, Christopher R. Hoyt, Council on Foundations, 1996) For those community foundations with assets held in trust, the governing body must also have the authority to remove the trustee responsible for those assets in at least two circumstances. This power of removal must be available if the trustee breaches its fiduciary duty or if the trustee fails to produce a reasonable return on investments. The governing body of a corporation normally has the power to remove asset managers, so the power need not be separately articulated in the governing instruments of the corporation. However, provisions in gift agreements that attempt to restrict this power would be material restrictions and should not be accepted by a community foundation.
F. A community foundation serves a particular geographic area such as a municipality, county, state, metropolitan area or closely related aggregation of such areas that are considered for some purposes as a community, typically no larger than one state. An organization serving a single greater metropolitan area would satisfy this criterion even if that greater metropolitan area included parts of several states. This criterion excludes national and multi-national organizations.

Explanation: Service to a particular geographic area typically includes grantmaking, community leadership, and service to donors in that identified area. Unrestricted/discretionary funds primarily serve the community foundation's identified geographic area; other grants may be distributed beyond that area.

G. A community foundation’s governing body:

1. is responsible for the mission, direction and policies of the organization.

Explanation: The governing body of the community foundation is the ultimate fiduciary and is legally accountable for all of the activities of the organization, even when it delegates responsibility.

2. ensures adequate human and financial resources and actively monitors and evaluates the organization’s chief executive officer.

Explanation: Human resources may include paid or unpaid staff. It is the responsibility of the governing body to provide adequate resources to meet the National Standards.

3. approves policies to prevent perceived, potential or actual conflicts of interest.

4. serves without compensation (exclusive of the chief executive officer.)

5. is not controlled by any other nonprofit organization, or by any single family, business or governmental entity or any narrow group within the community.

6. reviews and adopts an annual operating budget.

7. ensures that the governing documents include policies for size of the board, required number of meetings annually, limits of members’ terms, and structure and responsibilities of standing committees.

8. ensures that the community foundation reflects the diversity of the community it serves.

Explanation: This item correlates to the item above regarding the governing body membership reflecting the community. Here, the governing body is looking beyond itself, and seeking staff and committee diversity, policies that do not promote exclusivity and endeavors that address diverse communities.

9. ensures that the community foundation meets all laws and legal requirements.

Explanation: All applicable local, state, and federal laws and regulations must be observed.

10. approves all grants.

Explanation: The governing body has responsibility for grant approval, which may be exercised through delegation of the decision-making process.

III. Resource Development

A. A community foundation has, or works to develop, broad support in the form of contributions from many separate, unrelated donors with diverse charitable interests in the community served by the community foundation.
B. Contributions to a community foundation represent irrevocable gifts subject to the legal and fiduciary control of the community foundation's governing body.

C. A community foundation has a long-term goal of securing resources to address the changing needs of the community it serves.

Explanation: Building discretionary funds to provide both flexible and permanent funding sources for meeting changing needs should be a goal of the community foundation.

D. A community foundation accepts and administers a diversity of gift and fund types to meet the varied philanthropic objectives of donors.

E. A community foundation adopts gift and fund acceptance policies that address minimum fund size, types of fund options, types of gift mechanisms, and policies and procedures for accepting various types of assets, and makes these policies available upon request.

Explanation: This item promotes accountability, policy and process disclosure, and consistency. Fund acceptance policies include purpose and use of the fund.

F. During the gift planning process, the role and relationships of all parties involved are fully disclosed to the donor.

Explanation: The intent is to disclose any financial benefit that might accrue to a third-party participant in the gift planning process.

IV. Stewardship and Accountability

A. A community foundation is a steward of charitable funds, investing and prudently managing funds and maintaining accurate financial records.

B. A community foundation is accountable to the community it serves and regularly disseminates information on its programs and finances.

C. A community foundation maintains a written record of the terms and conditions of each component fund and all such records must reference the variance power.

D. A community foundation honors the charitable intentions of its donors consistent with community needs and applicable laws and regulations.

E. A community foundation observes the balance between donor involvement and governing board control and complies with applicable laws and regulations.

F. A community foundation ensures that the foundation's financial resources are used solely in furtherance of its mission.

Explanation: Some examples of intent here include 1) salaries and benefits are within a range considered reasonable and customary for community foundations of similar size and taking into account the background and experience of staff, and 2) assets of the foundation are not used for personal benefit of either board or staff.

G. An annual audit (financial review when assets total less than $1 million) is performed by an independent public accountant, reviewed and accepted by the governing body and made available to the public upon request.
H. A community foundation:

1. has investment policies that include asset allocation guidelines, a spending policy and criteria for measuring investment performance.

2. makes available to the public upon request the names of its investment managers, fees charged (including investment and administrative fees), governing body or appointees responsible for investment oversight and investment.

V. Grantmaking and Community Leadership

A. A community foundation operates a broad grants program to multiple grantees that is limited neither by a single focus or cause nor exclusively to the interests of a particular constituency.

B. A community foundation awards some grants from its discretionary resources through open, competitive processes that address the changing needs of the community.

C. A community foundation widely disseminates grant guidelines to ensure the fullest possible participation from the community it serves.

D. A community foundation performs due diligence to ensure that grants will be used for charitable purposes.

Explanation: Due diligence applies to all grants made by the foundation, and includes gathering and evaluation of information on the grantee and may include the intended use of the grant. Vigilance regarding quid pro quo benefit to a donor advisor would fall within the scope of this item.

E. A community foundation works to identify community issues and opportunities and acts as a leader and convener, using its human and/or financial resources to address immediate and long term community issues and opportunities.

VI. Donor Relations

A. A community foundation informs and educates donors about community issues and grantmaking opportunities.

B. A community foundation actively involves donors in identifying and responding to community issues and opportunities.

C. A community foundation promptly and accurately acknowledges gifts.

D. A community foundation provides fund statements, at least annually, to those donors who wish to receive them.

E. All private information obtained with respect to donors and prospects is kept confidential to the fullest extent possible.

VII. Communications

A. A community foundation communicates openly and welcomes public scrutiny.

B. A community foundation has a communication strategy that includes a report, widely distributed at least annually, which describes the community foundation’s mission, activities and financial operations.
What are Community Foundations?

Community Foundations inspire philanthropy and strengthen communities. Individuals, families and others create charitable funds that help their region meet the challenges of changing times. California community foundations granted $2.0 billion in 2016, and administered more than $15.7 billion in philanthropic assets.

Community Foundations invest, administer and steward charitable assets based on a set of rigorous national standards. Community foundations are tax-exempt. They are public charities overseen by Boards of Directors comprised of volunteer community leaders.

Community Foundations understand local needs and make grants to nonprofit organizations doing important work in human services, education, the environment, the arts and more. They serve as leaders by bringing together key stakeholders around important issues. They are focused on building philanthropic resources to meet the needs of their communities now and in the future. Community Foundations are “Here for Good.”

How can Community Foundations of California work with you?

- Share in-depth knowledge of the concerns, opportunities, groups and resources that shape their communities
- Convene and engage a cross-section of organizations and individuals around emerging issues
- Provide community leadership and a forum for dialogue and change
- Play a key role in solving local problems by creating opportunities for collective impact
- Accept and administer complex assets for community benefit
- Serve as lead philanthropic responders in the aftermath of disasters
- Channel high-impact grant funding and other resources throughout their regions
- Participate in advocacy efforts on important issues

There are nearly 800 Community Foundations in the United States.
Our mission is to promote and strengthen community foundations in California. Through collaboration and shared learning among member foundations and building partnerships with private and public entities, we strengthen philanthropy and support building healthy communities throughout California.
