**NOTES TO THE FINANCIAL STATEMENTS**  
**For the Six Months Ended June 30, 2022**

**Assets**

Total Assets through 6/30/2022 are \$322,733,602 a 12.39% decrease since June 2021 and a 16.54% decrease since December 2021. (p. 4)

**Charitable Remainder Trusts (CRT) and Charitable Gift Annuities (CGA)**

The CRT and CGA funds have been adjusted to reflect the activity and balances per Kaspick & Company and the third-party account balances as of December 31, 2021. (p. 4)

**Realized and Unrealized Gains and Losses on Investments**

Net year-to-date realized gains were \$2,581 and unrealized losses were \$54,211,245, for a total loss of \$54,208,664. (p. 7)

**Operating Fund**

Total revenue was \$88,849 more than the budget, and total expenses were \$172,365 less than the budget. Unrealized losses were \$99,617 on the operating reserve held in the Medium-Term Fund portfolio. The actual net operating deficit is \$7,918 compared to a budgeted deficit of \$169,344. (p. 8)

Revenue continues to be higher than budget through June. However, projections for the third quarter administrative fees based on the June 30 fund balance reflects fees lower than budgeted. Despite this, cash on hand remains steady.

Salaries and benefits continue to be below budgeted amounts. This savings is the result of position vacancies in the first quarter that have now been filled. In addition, while the salary increases related to the Croner salary study have been approved as a budget amendment, additional unbudgeted increases will diminish the savings over time.

Overall administrative expenses continue to be below budget. However, bank charges have trended slightly higher due fees assessed on large credit card donations. Services are significantly higher as a result of the Foundation contracting with former Vice President of Finance, Diane Nonella, to assist in the transition during the Director of Finance recruitment and for additional staff training services.

The 2022 rental agreement for the Salinas property was revised in late 2021. The agreement revised the rent structure to include a utility allocation. As this was completed after the budget process, there is a variance (under) on rent that is offset by a variance (over) on utilities as the agreement shifted the expense classification.

There is an excess actual over budget reflected on the annual report due to timing that will correct in June. Additional staff events have resulted in an actual over budget that is expected to increase prior to the end of the year. Despite this, the development operating actual continues to reflect a surplus over the budgeted amount.

**Note:** The Expendable Operating Cash-on-Hand is at 9.5 months, excluding the operating reserve of \$500,000 and the building reserve of \$150,000. (p. 9)
