Assets

Total Assets through 11/30/2022 are \$339,558,481 which reflects a 7.88% decrease since November 2021 and a 12.19% decrease since December 2021. (p. 4)

Charitable Remainder Trusts (CRT) and Charitable Gift Annuities (CGA)

The CRT and CGA funds have been adjusted to reflect the activity and balances per Kaspick & Company and the third-party account balances as of December 31, 2021. An addition of \$58,000 was added by Marc Rosen to his CRT in November 2022. (p. 4)

Realized and Unrealized Gains and Losses on Investments

Net year-to-date realized gains were \$467,902 and unrealized losses were \$45,412,351, for a total loss of \$44,944,450. (p. 7)

Operating Fund

Total revenue was \$151,657 less than the budget, and total expenses were \$296,030 below budget. Unrealized losses were \$91,946 on the operating reserve held in the Medium-Term Fund portfolio with an additional \$96 in realized loss. The actual net operating deficit is \$831,333 compared to a budgeted deficit of \$883,347. (p. 8)

Revenue continued to be below budgeted amounts in November. Based on the September 30 fund balance, projections for the fourth quarter administrative fees will continue below budget. However, staff efforts to find cost savings and anticipated contributions are expected to keep the cash on hand strong through year-end.

Salaries and benefits continue to be below budgeted amounts due to vacant positions throughout the year. CFMC is now fully staffed and, while the salary increases related to the Croner salary study were approved as a budget amendment, additional unbudgeted salary increases will erode the salary savings over time. In addition, the renewal of the medical insurance, effective September 1, 2022, was higher than the budgeted expected increase. Savings through October related to staff members declining budgeted coverage will offset the higher cost in the fourth quarter. Overall, salaries and benefits are expected to remain slightly under budget through the end of year.

Overall administrative expenses continue to be below budget due to cost savings on systems maintenance costs and anticipated conferences that continued to be held virtually. Computer and database maintenance charges are significantly under budget as a result of software service conversions that did not take place in 2022. These conversions are included in the 2023 budget to occur in conjunction with the proposed database conversion. In addition, services continue to be higher than budgeted due to contracted accounting services during the Director of Finance recruitment.

The 2022 rental agreement for the Salinas property was revised in late 2021. The agreement revised the rent structure to include a utility allocation. As this was completed after the budget process, there is a variance (under) on rent that is partially offset by a variance (over) on utilities as the agreement shifted the expense classification. This will continue through the end of year and be corrected in the 2023 budget.

COMMUNITY FOUNDATION FOR MONTEREY COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Eleven Months Ended November 30, 2022

Unexpected increases in printing, postage, and design services resulted in a budget overage for production of the annual report. The printing service was \$10,057 over budget due to paper and supply chain issues contributing to an overall overage of \$19,144. Staff is evaluating the production for cost savings in future years. New hires and other staff life events have resulted in an overage on staff recognition expense. This overage will run through to year end. Overall, Development, Program & Staff is reflecting expenditures that are \$66,683 under budget. Staff is monitoring expenditures for potential areas of savings in the category; however, resumption of events is expected to diminish this budget savings by year-end.

Note: The Expendable Operating Cash-on-Hand is at 9.4 months, excluding the operating reserve of \$500,000 and the building reserve of \$150,000. (p. 9)

At 10/31/22, the one-year Total Return for the DRIM Portfolio was -13.2% compared to the Policy Index of -10.7% on a balance of \$2,792,467.
