The Robert and Virginia Stanton Endowment

ABOUT THE STANTON ENDOWMENT

Virginia Young Stanton left a \$3.5 million bequest to establish this fund in her name and her husband's. The fund was established in 1994 as the Robert and Virginia Stanton Endowment.

Mrs. Stanton moved to the Monterey Peninsula in 1924 as the party and entertainment editor of *House Beautiful*. Her energy and compassion led her to volunteer for the Monterey Museum of Art, the American Red Cross, and the Community Hospital Auxiliary. She was a member of the Monterey Council of the National Trust for Historic Preservation, and had a special interest in Casa Amesti; her husband, the distinguished architect Robert Stanton, was a founding member of the Old Capital Club, based in that historic adobe. In 1983, after Robert's passing, she established an endowment at the Community Foundation for awards to outstanding local architects. Mrs. Stanton named some favorite agencies or types of projects for annual consideration in order of priority; others may also be funded at the discretion of the Community Foundation for Monterey County

(CFMC) Board and the Stanton Committee.

STANTON ENDOWMENT PRIORITIES

The Stanton Endowment Grant Committee generally gives priority to one-time special or capital projects, rather than funding ongoing operating support. The CFMC supports capital costs (buildings and facilities) when those capital improvements have the potential to advance greater social benefit. Capital support will be considered for predevelopment expenses and/or for construction costs after the agency has raised at least half of the goal. Applicants are eligible for two capital-related grants: one for predevelopment expenses and one for construction costs.

The Stanton Endowment Grant Committee will consider the public benefits likely to occur as a result of the proposed activities, as well as other details of the proposals such as cost effectiveness, past record of achievement, and fit with the general guidelines and purposes of the Community Foundation of Monterey County. ~~Individuals, through the Stanton Endowment~~ The CFMC does not award stipends, fellowships, stipends, travel awards, or the like (however, subsidies to reduce program costs for a group of low-income participants are sometimes called “CFMC scholarships” but are eligible). The CFMC does not award grants to support:

- Religious activities
- Academic research (however, mission-related applied research such as feasibility studies or needs assessments are eligible)
- Salaries and other operating expenses of schools and public agencies.
- Annual campaigns or special events
- Creation of, or addition to, endowment funds
- Payment of debt, even for expenditures that would otherwise fall within the guidelines
- Reimbursement for expenditures made prior to the scheduled grant check date
- Agencies that have unresolved, non-consensual liens
